Hugo Bler

Hugo Barbosa Luciano Ernesto

OBJECTIVE

Passionate and experienced web engineer with a strong background in development and design, seeking a challenging mid-level developer position to apply and develop my skills and expertise and grow professionally.

TECHNICAL SKILLS

- Programming Languages: JavaScript, TypeScript, Python
- Frontend Technologies: HTML5, CSS3, React, Redux, Context API, Zustand, i18next, Tailwind, Styled Components
- Backend Technologies: Node.js, Express, Nest, Docker, TypeORM, PostgreSQL, Python, Django, DynamoDB
- Version Control: Git
- Agile Methodologies: Scrum, Kanban

PROFESSIONAL SUMMARY

I am Hugo, a Possibilities Scientist working as a Frontend Engineer at Ouribank. With a solid background in graphic and product design, I bring a unique blend of creativity and technical expertise to my role.

Since joining Ouribank in December 2022, I have played a pivotal role in a squad working on the development of a growing product, while also contributing occasionally to other internal projects and fostering effective collaboration within multidisciplinary teams.

My technical knowledge encompasses proficiency in a diverse range of technologies including HTML5, CSS3, JavaScript, TypeScript, React, Redux, Context API, GIT, Node.js, Express, Docker, TypeORM, Python, Django, and PostgreSQL.

I am actively expanding my expertise in agile methodologies and gaining valuable insights into project management roles such as Tech Leader and Product Owner.

In addition to my technical skills, I am recognized for my exceptional soft skills, including clear communication, collaborative teamwork, adaptability to new environments, and maintaining a healthy work-life balance.

I am deeply passionate about continuous learning and remain updated with the latest industry trends and best practices.
